

Material Safety Data Sheet

1. Commercial product name and name of company :

PRODUCT NAME:

Dental Cotton Roll

REF H800xx

SB-RSALVxxx

2. Composition / information on ingredients

This product mainly made of cotton.

3. Possible Hazards

Emergency Overview

There are no hazards associated with the product for which first aid is required.

Potential Health Hazards

Skin: Not applicable.

Eyes: None known.

Inhalation: Not respirable in this form.

Ingestion: Not a probable route of exposure.

Delayed Effects: None known.

4. First aid measures

Skin: . Not applicable.

Eyes: None known.

Inhalation: Not respirable in this form.

Ingestion: Not a probable route of exposure.

Advice To Physician: No specific advice.

5. Fire-fighting measures

Use of water is preferable. any extinguishing media can be use. when product burns, carbon oxides (mainly CO₂) are formed.

6. Accidental release measures

No special measures required.

7. Handling and storage

Avoid open fire. do not smoke, product should be stacked in a stable manner.

No special conditions required regarding safely, but the product should be carefully handled to avoid damage.

8. Exposure controls and personal protection

Engineering Controls: Not applicable

9. Physical and chemical properties

Appearance	Off-White
Odor	Odorless
Physical state	solid
PH	Neutral
Boiling point	Not determined
Melting point	Not determined
Vapor pressure	Not applicable
Vapor density:	Not applicable
Evaporation rate	Not applicable
%Volatiles	Not applicable
Flash point	Not determined

10. Stability and reactivity

Not applicable

11. Toxicological information

Product Summary: Not expected to be toxic to humans or animals.

Polyethylene Toxicology Summary:

Acute Inhalation Effects: Not applicable.

Acute Oral Effects: Not applicable.

Skin Effects: Not applicable.

Repeated Dose Toxicity: Not applicable.

Reproductive / Development Effects: No adverse effects are expected to occur.

12. Ecological information

Not applicable.

13. Disposal considerations

The cotton rolls may be discharged or incinerated together with household refuse if local official regulations are observed.

14. Transport information

Cotton rolls are not hazardous cargo and are not governed by any specific regulations.

15. Regulatory information

No labelling is required in accordance with the EEC directives.

16. Other information

The data given here is based on current knowledge and experience. The purpose of this information is to describe the products in terms of their safety requirements. The data does not signify any warranty with regard to the product's properties.

The above statements apply to medical applications of the cotton rolls. For use in other sectors, the responsibility for observing the relevant laws and regulations, which may vary from country to country, lies with the user of these cotton rolls.
